

REMARKS

Claims 16 and 21 are all the claims pending in the application.

In response to the Advisory Action of April 5, 2007, in which the Examiner pointed out that claim 21 improperly depends from claim 16, applicants have amended claim 21 so that it is directed to a method. Applicants submit that the present claims are patentable over the Farid et al, Harada et al, Swainson et al and Penzkofer et al documents cited in the Office Action of December 22, 2006. Applicants submit that the Examiner's rejections are based on hindsight and on obvious to try reasoning.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.

Respectfully submitted,
